

Thermal Angel®

Blood and IV Fluid Infusion Warmer

Testimonial

Keywords: EMS, Military, Tactical Combat Casualty Care

This is SFC Lindsey, I am the Emergency Treatment NCOIC for the 176TH Engineer Brigade, **Texas Army National Guard**, I wanted to take this time to thank you Gentlemen for having such a great product. My Brigade is deploying Afghanistan next month and we are relieved knowing we have the Thermal Angel going with us. We are going to be in a very cold area this winter. Having said that, we can go to Afghanistan knowing that if any of our Soldiers have any issues with hypothermia. **We will have the Thermal Angel to counter that life threat.** As a civilian Paramedic **I have worked with the Thermal Angel and I know that it saves lives.** Thank you for your assistance. We will stay in touch and keep you posted on our progress.

Very Respectfully,

SFC Michael W. Lindsey
